

# MEDICAL BIOLOGY

Vol. 54, 1976

## INDEX

### NUMBER 1

#### Review article

P. Häyry (*Helsinki*)

- Problems and prospects in surgical immunology. (ORGAN TRANSPLANTATION/TRANSPLANTATION IMMUNOLOGY) .....

1

#### Original reports

M. Thelestam and R. Möllby (*Stockholm*)

- Cytotoxic effects on the plasma membrane of human diploid fibroblasts — a comparative study of leakage tests. (LYTIC AGENTS/MARKER SIZE/LEAKAGE KINETICS) .....

39

J. Kärner and A. Leikola (*Tartu and Helsinki*)

- Macrobodies in chick blastoderm. (CHICK DEVELOPMENT/ELECTRON MICROSCOPY) .....

50

I. Kääriäinen and L. Ahtee (*Helsinki*)

- Effect of narcotic analgesics on the striatal homovanillic acid content in mice; relation to antinociceptive effect. (HOT PLATE TIME/HALOPERIDOL) .....

56

L. Dencker, N. G. Lindquist and H. Tjälve (*Uppsala*)

- Uptake of  $^{14}\text{C}$ -labelled chloroquine and an  $^{125}\text{I}$ -labelled chloroquine analogue in some polypeptide hormone producing cell systems. (MICROAUTORADIOGRAPHY/WHOLE BODY AUTORADIOGRAPHY) .....

62

#### Short communication

P. M. Ertama (*Helsinki*)

- Direct percutaneous measurement of blood pressure from rat tail. (PLASTIC CANNULAS/DRUG EFFECTS) .....

69

## NUMBER 2

### Review articles

P. Häyry (Helsinki)

- Problems and prospects in surgical immunology II. (ORGAN TRANSPLANTATION/IMMUNOSUPPRESSION) ..... 73

E. Lehtonen (Helsinki)

- Transmission of signals in embryonic induction. (CELL DIFFERENTIATION) ... 108

### Original reports

J. A. Bentley, S. Shibata and J. B. Cheng (Honolulu)

- Differences in effect of 6-hydroxydopamine on the right and left atria from guinea-pig. (DRUG EFFECTS/CATECHOLAMINES) ..... 129

Å. Wiberg and L. Orelund (Umeå)

- Quantitative aspects on mitochondrial monoamine oxidase in human platelets. (PARGYLINE) ..... 137

L. Olson and Å. Seiger (Stockholm)

- Locus coeruleus: Fibre growth regulation in oculo. (ADRENERGIC NERVES/FLUORESCENCE HISTOCHEMISTRY) ..... 142

L. Lastikka, M.-L. Virsu, O. Halkka, K. Eriksson and T. Estola (Helsinki)

- Goniomitosis in rats affected by mycoplasma or macrolides. (CHROMOSOMAL BREAKS/CELL DIVISION/MITOTIC INHIBITION) ..... 146

### Short communications

T. Kohila, K. Eriksson and O. Halkka (Helsinki)

- Goniomitosis in rats subjected to ethanol. (CHROMOSOMAL INTEGRITY) .... 150

S. Räisänen and M. Saari (Oulu)

- The survival foxoplasma gondii trophozoites in changes in osmotic pressure. (TRANSMISSION ROUTE) ..... 152

L. Nieminen and K. Pyy (Turku)

- Individual variation in mushroom poisoning induced in the male rat by cortinarius speciosissimus. (RENAL LESIONS) ..... 156

## NUMBER 3

### Review article

K. I. Kivirikko and L. Risteli (Oulu)

- Biosynthesis of collagen and its alterations in pathological states. (POST-TRANSLATIONAL MODIFICATION/INBORN ERRORS) ..... 159

## **Original reports**

*A. Assandri and A. Perazzi (Milan)*

- Competition between diltalone and other drugs for the binding site(s) on human serum albumin. (WARFARIN/TOLBUTAMIDE/ANTI-INFLAMMATORY DRUGS)** 187

*S. M. Gardiner, D. R. Tomlinson and T. Bennett (Nottingham)*

- The in vitro and in vivo effects of vinca alkaloids on the noradrenergic innervation of the vas deferens. (SENSITIVITY TO NORADRENALINE/NORADRENALINE DEPLETION)** 193

*K. Kianmaa (Helsinki)*

- Alcohol intake in the rat after lowering brain 5-hydroxytryptamine content by electrolytic midbrain raphé lesions, 5,6-dihydroxytryptamine or p-chlorophenylalanine. (ALCOHOL PREFERRING RATS)** 203

*P. Alm, B. Carlsöö, Å. Danielsson and J. Sehlin (Umeå)*

- Uptake, localization and secretagogic action of some biogenic amines in the submandibular and pancreatic glands of the guinea pig. (AMYLASE SECRETION)** 210

*E. Saksela and B. Meyer (Helsinki)*

- Clinical follow-up and the cell-mediated cytotoxicity against HeLa cells in patients with invasive or preinvasive cervical cancer. (PERSISTING CYTO-TOXICITY)** 217

## **Short communication**

*H. Heiskala, M. Heiskala and M. O. Huttunen (Helsinki)*

- Plasma free tryptophan variation during oestrous cycle of the rat** 223

## **NUMBER 4**

### **Review article**

*Margarethe Holzbauer (Cambridge)*

- Physiological aspects of steroids with anaesthetic properties. (PROGESTERONE METABOLITES/OVARY/ADRENALS)** 227

## **Original reports**

*G. Csákó, T. Szilágyi, H. Csernyánsky and S. Tóth (Debrecen)*

- Effect of endotoxin and trypsin on the blood pressor response to catecholamines in normo- and hypothermic rabbits. (ANTI-INFLAMMATORY DRUGS)** 243

*J. Linkola (Helsinki)*

- Urine sodium, potassium and osmolality in two rat strains selected for their different ethanol preferences. (WATER BALANCE/METABOLIC DIFFERENCES)** 254

<i>R. J. K. Julkunen (Helsinki)</i>	
The absorption of warfarin from the rat stomach in situ. (pH DEPENDENCE/ GASTRIC WALL) .....	260
<i>T. Nikkari, K. Pietilä and M. Salo (Tampere)</i>	
Increased cholesterol content and esterification in rabbit aortic medial cells cultured in hyperlipidemic serum. (ARTERIOSCLEROSIS/LIPID ACCUMULATION) .....	264
<i>T. Egashira, B. Ekstedt, H. Kinemuchi, Å. Wiberg and L. Oreland (Umeå)</i>	
Molecular turnover numbers of different forms of mitochondrial monoamine oxidase in rat. (LIVER/MAO INHIBITORS) .....	272
<i>L.-G. Nygren (Stockholm)</i>	
On the visualization of central dopamine and noradrenaline nerve terminals in cryostat sections. (GLYOXYLIC ACID/FIXATION) .....	278
<i>Gösta Jonsson and Charlotte Sachs (Stockholm)</i>	
Regional changes in [ <sup>3</sup> H]noradrenaline uptake, catecholamines and catechol- amine synthetic and catabolic enzymes in rat brain following neonatal 6-hydroxydopamine treatment. (DEGENERATION/REGENERATION) .....	286

## NUMBER 5

### Review article

<i>Seymour S. Cohen (Denver)</i>	
The lethality of aranucleolides. (AraA/AraC/ NUCLEOSIDE DEAMINASE INHIB- ITORS) .....	299

### Original reports

<i>H. Tuschl and H. Altmann (Seibersdorf)</i>	
Unscheduled DNA synthesis in lymphocytes of rheumatoid arthritis patients and spleen cells of rats with experimentally induced arthritis. (DNA REPAIR) .....	327
<i>K. Krohn, P. Gröhn, M. Horsmanheimo and M. Virolainen (Tampere and Helsinki)</i>	
Fractionation studies on human leucocyte dialyzates. Demonstration of three components with transfer factor activity. (IMMUNE DEFICIENCY/IMMUNE STIM- ULATION) .....	334
<i>E. Heinonen (Tampere)</i>	
Variety of determinants in an adrenal antigen common to man and some animals. (INTERSPECIES CROSS-REACTIONS/AUTOIMMUNITY) .....	341
<i>R. Pyhälä (Helsinki)</i>	
NDV-O agglutinins and heteroagglutinins in sera of blood donors. (AGE- DEPENDENCY) .....	347

<i>J. H. Austin, L. G. Nygren and K. Fuxe (Denver and Stockholm)</i>	
A system for measuring the noradrenaline receptor contribution to the flexor reflex. (RAT PSOAS MUSCLE/ CLONIDINE/ L-DOPA) .....	352
<i>T. U. C. Järbe (Uppsala)</i>	
Methaqualone discrimination in gerbils: interactions with bemegride and imidazoline (DH-524). (DRUG ABUSE/ HYPNOTICS) .....	364

## NUMBER 6

### Review article

<i>E. S. K. Assem (London)</i>	
Current aspects in the immunopharmacology of asthma. (ANAPHYLACTIC REACTION/MEDIATORS/DRUG THERAPY) .....	369

### Congress digest

<i>M. Karkinen-Jääskeläinen (Helsinki)</i>	
Cell interactions in differentiation. (SIGRID JUSELIUS SYMPOSIUM) .....	383

### Original reports

<i>P. Illés, A. Rónai and J. Knoll (Budapest)</i>	
Inhibition of neuromuscular transmission by prostaglandin E <sub>1</sub> in the circular muscle of the guinea-pig vas deferens. (PRESYNAPTIC INHIBITION/NORADRENALINE) .....	400

<i>G. Jonsson (Stockholm)</i>	
Studies on the mechanisms of 6-hydroxydopamine cytotoxicity. (AUTO-OXIDATION, COVALENT BINDING) .....	406

<i>G. Jonsson, K. Fuxe, T. Hökfelt and M. Goldstein (Stockholm and New York)</i>	
Resistance of central phenylethanolamine-N-methyl transferase containing neurons to 6-hydroxydopamine. (ADRENALINE/DEGENERATION) .....	421

<i>T. Hökfelt, O. Johansson, K. Fuxe, M. Goldstein and D. Park (Stockholm and New York)</i>	
Immunohistochemical studies on the localization and distribution of monoamine neuron systems in the rat brain. I. Tyrosine hydroxylase in the mes- and diencephalon. (SUBCELLULAR DISTRIBUTION) .....	427

<i>K. Bjondahl (Turku)</i>	
Differences in liver weight, mortality in cerium-treated mice and <sup>144</sup> Ce levels in blood, liver, urine and faeces at various intervals after treatment with nafenopin and pregnenolone 16- $\alpha$ -carbonitrile (PCN) .....	454
